

Poster #	Session	First Name	Last Name	Degree	Research Categories
38	PM	Parvaneh	Abbasalipour	PhD Candidate	Detection, screening and diagnosis of health and disease
39	PM	Khalid	Abdalla	MSc Candidate	Detection, screening and diagnosis of health and disease
90	PM	Julia	Abitbol	PhD Candidate	Mechanisms of disease
1	PM	Ehsan	Abolhasani	MSc Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
162	PM	Faizah	Alotaibi	PhD Candidate	Prevention of diseases and health conditions and promotion of well-being
91	PM	Rasha	Alsubaie	Resident	Mechanisms of disease
92	PM	Farzad	Asadi	PhD Candidate	Mechanisms of disease
71	PM	Natalie	Au	MSc Candidate	Determinants of health
2	PM	David	Axford	MSc Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
40	PM	Monisha	Basu	Research Assistant/Associate	Detection, screening and diagnosis of health and disease
41	PM	Amanda	Berberich	MSc Candidate	Detection, screening and diagnosis of health and disease
93	PM	Matthew	Berg	PhD Candidate	Mechanisms of disease
94	PM	Matthew	Bernardinis	MSc Candidate	Mechanisms of disease
163	PM	Sarah	Best	MSc Candidate	Prevention of diseases and health conditions and promotion of well-being
72	PM	Dhwanil	Bhatt	Research Assistant/Associate	Determinants of health
95	PM	Saumik	Biswas	PhD Candidate	Mechanisms of disease
152	PM	Jessica	Blom	PhD Candidate	Population, public health and education
42	PM	Riley	Bloomfield	PhD Candidate	Detection, screening and diagnosis of health and disease
96	PM	Adrian	Buensuceso	Postdoctoral Scholar	Mechanisms of disease
97	PM	Diego	Buitrago-Piza	MSc Candidate	Mechanisms of disease
98	PM	Ting	Cao	PhD Candidate	Mechanisms of disease
29	PM	Megan	Chang	Research Assistant/Associate	Advancing health services provision and health policy
3	PM	Sumit	Chaudhari	Resident	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
99	PM	Jacqueline	Chevalier	MSc Candidate	Mechanisms of disease
80	PM	William	Cho	MSc Candidate	Early life programming and development
4	PM	Lucy	Chu	Resident	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
100	PM	Steve	Chung	MSc Candidate	Mechanisms of disease
164	PM	Ryan	Cochrane	MSc Candidate	Prevention of diseases and health conditions and promotion of well-being
101	PM	Melissa	Crawford	PhD Candidate	Mechanisms of disease
43	PM	Charmaine	Cruje	PhD Candidate	Detection, screening and diagnosis of health and disease
5	PM	Brendan	Daisley	MSc Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
44	PM	Praveen	Dassanayake	MSc Candidate	Detection, screening and diagnosis of health and disease
45	PM	Sergio	Dempsey	MSc Candidate	Detection, screening and diagnosis of health and disease
6	PM	Andrew	Deweyert	PhD Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
73	PM	Avyarthana	Dey	MSc Candidate	Determinants of health
81	PM	Joshua	Dierolf	PhD Candidate	Early life programming and development
102	PM	Brennan	Dirk	PhD Candidate	Mechanisms of disease
82	PM	Zachary	Easton	MSc Candidate	Early life programming and development
153	PM	Jordan	Edwards	PhD Candidate	Population, public health and education
7	PM	Asmahan	Elsariti	MSc Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
103	PM	Mohammad	Esmaeili	Postdoctoral Scholar	Mechanisms of disease
104	PM	Lana	Estafanos	MSc Candidate	Mechanisms of disease
105	PM	Jay	Fang	MSc Candidate	Mechanisms of disease
30	PM	Mojgan	Farahani	PhD Candidate	Advancing health services provision and health policy
106	PM	Melissa	Fenech	PhD Candidate	Mechanisms of disease
165	PM	Rebecca	Fried	PhD Candidate	Prevention of diseases and health conditions and promotion of well-being
107	PM	Jamie	Fritz	MSc Candidate	Mechanisms of disease
8	PM	Benjamin	Fuhrmann	MSc Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
108	PM	Niveen	Fulcher	PhD Candidate	Mechanisms of disease
31	PM	Nima	Gheisarzadeh	MSc Candidate	Advancing health services provision and health policy
9	PM	Derek	Gillies	PhD Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
46	PM	Janice	Gomes	MSc Candidate	Detection, screening and diagnosis of health and disease
166	PM	Michael	Greff	Postdoctoral Scholar	Prevention of diseases and health conditions and promotion of well-being
83	PM	Leah	Groves	MSc Candidate	Early life programming and development
167	PM	Nicole	Guitar	PhD Candidate	Prevention of diseases and health conditions and promotion of well-being
32	PM	Markus	Gulilat	PhD Candidate	Advancing health services provision and health policy

47	PM	Amanda	Hamilton	Research Assistant/Associate	Detection, screening and diagnosis of health and disease
33	PM	Boniface	Harerimana	PhD Candidate	Advancing health services provision and health policy
48	PM	Andrew	Harris	PhD Candidate	Detection, screening and diagnosis of health and disease
34	PM	Kaitlyn	Hayes	Medical Student	Advancing health services provision and health policy
49	PM	Khalil	Hetou	Resident	Detection, screening and diagnosis of health and disease
109	PM	Matthew	Hintermayer	MSc Candidate	Mechanisms of disease
110	PM	Rosettia	Ho	MSc Candidate	Mechanisms of disease
111	PM	Aja	Hogan-Cann	PhD Candidate	Mechanisms of disease
168	PM	Sara	Holland	MSc Candidate	Prevention of diseases and health conditions and promotion of well-being
35	PM	Michael	Hong	MSc Candidate	Advancing health services provision and health policy
169	PM	Becky	Horst	MSc Candidate	Prevention of diseases and health conditions and promotion of well-being
50	PM	James	Hughes	PhD Candidate	Detection, screening and diagnosis of health and disease
74	PM	Uzair	Hussain	Postdoctoral Scholar	Determinants of health
51	PM	Seva	Ioussoufovitch	MSc Candidate	Detection, screening and diagnosis of health and disease
10	PM	Nadezda	Ivanova	PhD Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
154	PM	Ian	Janes	MSc Candidate	Population, public health and education
84	PM	Sommer	Jarvis	MSc Candidate	Early life programming and development
52	PM	Jason	Kai	MSc Candidate	Detection, screening and diagnosis of health and disease
11	PM	Ankita	Kambli	MSc Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
112	PM	Nadun	Karunatilleke	PhD Candidate	Mechanisms of disease
155	PM	Erin	Kennedy	PhD Candidate	Population, public health and education
12	PM	Andrew	Khalil	MSc Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
113	PM	Yae Ram	Kim	Research Assistant/Associate	Mechanisms of disease
75	PM	Stephen	Klassen	PhD Candidate	Determinants of health
114	PM	Ornela	Kljacic	PhD Candidate	Mechanisms of disease
115	PM	Jason	Knapp	MSc Candidate	Mechanisms of disease
53	PM	Nikolas	Knowles	PhD Candidate	Detection, screening and diagnosis of health and disease
85	PM	Alexandra	Kozlov	PhD Candidate	Early life programming and development
156	PM	Rohin	Krishnan	Research Assistant/Associate	Population, public health and education
116	PM	Robert	Kuiack	MSc Candidate	Mechanisms of disease
170	PM	Sahana	Kukan	MSc Candidate	Prevention of diseases and health conditions and promotion of well-being
117	PM	Jonathan	Kusins	PhD Candidate	Mechanisms of disease
118	PM	Jeremy	Lant	PhD Candidate	Mechanisms of disease
76	PM	Sophie	Laramee	MSc Candidate	Determinants of health
119	PM	Jeremi	Laski	MSc Candidate	Mechanisms of disease
13	PM	Esther	Lau	Postdoctoral Scholar	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
14	PM	Ji Yun	Lee	PhD Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
171	PM	Wai-Dun	Lee	MSc Candidate	Prevention of diseases and health conditions and promotion of well-being
120	PM	Alexander	Levit	PhD Candidate	Mechanisms of disease
15	PM	Xinyi	Li	PhD Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
54	PM	Yong	Lim	MSc Candidate	Detection, screening and diagnosis of health and disease
121	PM	Johnny	Luo	MSc Candidate	Mechanisms of disease
16	PM	Borna	Mahmoudian	MSc Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
122	PM	Adam	Meadows	MSc Candidate	Mechanisms of disease
157	PM	Evan	Michaelov	Medical Student	Population, public health and education
172	PM	Shirin	Modarresi	PhD Candidate	Prevention of diseases and health conditions and promotion of well-being
77	PM	M. Erin	Moir	PhD Candidate	Determinants of health
17	PM	Pascal	Morrisette Martin	PhD Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
173	PM	Nadya	Morrow	MSc Candidate	Prevention of diseases and health conditions and promotion of well-being
55	PM	Matthew	Mouawad	PhD Candidate	Detection, screening and diagnosis of health and disease
36	PM	Elizabeth	Muchiri	PhD Candidate	Advancing health services provision and health policy
18	PM	Martina	Mudri	MSc Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
158	PM	Patrick	Murphy	Resident	Population, public health and education
86	PM	Pinki	Nandi	Postdoctoral Scholar	Early life programming and development
123	PM	Vy	Ngo	PhD Candidate	Mechanisms of disease
124	PM	Rui	Ni	PhD Candidate	Mechanisms of disease
125	PM	Kevin	Nixon	PhD Candidate	Mechanisms of disease

126	PM	Daniel	Nouri Nejad	MSc Candidate	Mechanisms of disease
127	PM	Matthew	Novello	MSc Candidate	Mechanisms of disease
19	PM	Nathan	Orlando	PhD Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
128	PM	Ranjit Singh	Padda	PhD Candidate	Mechanisms of disease
56	PM	Patrick	Park	Research Assistant/Associate	Detection, screening and diagnosis of health and disease
129	PM	Katie	Parkins	PhD Candidate	Mechanisms of disease
20	PM	Darshit	Patel	MSc Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
57	PM	Alexander	Pavlosky	Medical Student	Detection, screening and diagnosis of health and disease
130	PM	Emily	Pawlak	PhD Candidate	Mechanisms of disease
58	PM	Ana-Bianca	Popa	MSc Candidate	Detection, screening and diagnosis of health and disease
131	PM	Eric	Press	Research Assistant/Associate	Mechanisms of disease
78	PM	Klajdi	Puka	MSc Candidate	Determinants of health
59	PM	Wen	Qin	MSc Candidate	Detection, screening and diagnosis of health and disease
87	PM	Bethany	Radford	PhD Candidate	Early life programming and development
60	PM	Ajay	Rajaram	PhD Candidate	Detection, screening and diagnosis of health and disease
132	PM	Amanda	Rampersaud	MSc Candidate	Mechanisms of disease
133	PM	Abdul	Razaq	MSc Candidate	Mechanisms of disease
61	PM	Hossein	Rejali	MSc Candidate	Detection, screening and diagnosis of health and disease
62	PM	Dillon	Richards	PhD Candidate	Detection, screening and diagnosis of health and disease
37	PM	Michael	Riddle	MSc Candidate	Advancing health services provision and health policy
21	PM	Alexander C	Roy	PhD Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
88	PM	Bibek	Saha	Research Assistant/Associate	Early life programming and development
134	PM	Noor	Salloum	PhD Candidate	Mechanisms of disease
22	PM	Olivia	Samotus	PhD Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
135	PM	Rafael	Sanchez	PhD Candidate	Mechanisms of disease
159	PM	Peyton	Schroeder	MSc Candidate	Population, public health and education
136	PM	Jenna	Schulz	PhD Candidate	Mechanisms of disease
137	PM	Kaela	Scott	PhD Candidate	Mechanisms of disease
63	PM	Kavin	Selvan	Research Assistant/Associate	Detection, screening and diagnosis of health and disease
138	PM	Blake	Shannon	Research Assistant/Associate	Mechanisms of disease
174	PM	Elena	Sheldrake	MSc Candidate	Prevention of diseases and health conditions and promotion of well-being
139	PM	Ali	Sherazi	Research Assistant/Associate	Mechanisms of disease
64	PM	Marudan	Sivagurunathan	PhD Candidate	Detection, screening and diagnosis of health and disease
23	PM	Corey	Smith	PhD Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
140	PM	Jessica	Snyder	MSc Candidate	Mechanisms of disease
141	PM	Zheng	Song	MSc Candidate	Mechanisms of disease
79	PM	Richard	Sové	PhD Candidate	Determinants of health
160	PM	Chloe	Stewart	PhD Candidate	Population, public health and education
142	PM	Anette	Surmanski	MSc Candidate	Mechanisms of disease
175	PM	Robert	Szabla	PhD Candidate	Prevention of diseases and health conditions and promotion of well-being
89	PM	Alex	Szpak	MSc Candidate	Early life programming and development
65	PM	Ahmed	Tanashi	MSc Candidate	Detection, screening and diagnosis of health and disease
143	PM	Michael	Tauro	MSc Candidate	Mechanisms of disease
144	PM	Vasiliki	Tellios	PhD Candidate	Mechanisms of disease
161	PM	Sinthiya	Thavam	MSc Candidate	Population, public health and education
145	PM	Mathura	Thiyagarajah	Research Assistant/Associate	Mechanisms of disease
66	PM	Olivia	Tong	MSc Candidate	Detection, screening and diagnosis of health and disease
24	PM	Nicholas	Tonial	PhD Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
146	PM	An	Tran	MSc Candidate	Mechanisms of disease
25	PM	Charles	Trelford	PhD Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
67	PM	Matthew	Turk	MSc Candidate	Detection, screening and diagnosis of health and disease
26	PM	Jason	Vickress	PhD Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
147	PM	Meerah	Vijeyakumaran	MSc Candidate	Mechanisms of disease
68	PM	Hui	Wang	PhD Candidate	Detection, screening and diagnosis of health and disease
69	PM	TianDuo	Wang	MSc Candidate	Detection, screening and diagnosis of health and disease
148	PM	Yuning	Wang	PhD Candidate	Mechanisms of disease
27	PM	Annette	Wong	Research Assistant/Associate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)

149	PM	David	Wright	PhD Candidate	Mechanisms of disease
70	PM	Dae-Myoung (Danny)	Yang	PhD Candidate	Detection, screening and diagnosis of health and disease
150	PM	Spencer	Yeung	MSc Candidate	Mechanisms of disease
28	PM	Cuilin	Zhu	PhD Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
151	PM	Katrina	Zmavc	MSc Candidate	Mechanisms of disease
